Dear Sir:

of Correction

It is respectfully requested that a Certificate of Correction be issued in connection with the above-identified patent. The required text is submitted on the attached form.

Because the listed errors first occurred in the printed patent, and are not due to Applicant's mistake, no fee is required in connection with this Certificate of Correction.

Enclosed are copies of the Information Disclosure Statement (IDS) dated January 30, 2003, the accompanying PTO Form 1449, and the return postcard acknowledging receipt of the documents by the USPTO on February 7, 2003. This paperwork substantiates that the references listed on the attached Certificate of Correction were received by the USPTO and thus should have been considered by the Examiner. Applicant again requested consideration on April 24, 2003 of the references (courtesy copies also provided therewith) cited in the January 30, 2003 IDS. Accordingly, the error of omitting the references on the printed patent is attributed solely to the USPTO. The Applicant again requests that the 1449 Form be signed and dated by the Examiner as previously requested on January 30, 2003 and April 24, 2003, and that the Certificate of Correction be issued.
